

Emergency Medical Technology

2026 - 2027

Cost Sheet

The Emergency Medical Technology Program is designed to provide basic and advanced training for emergency medical care and transportation for critical and emergent patients who access the emergency medical system. Emergency Medical Technicians function as a part of a comprehensive Emergency Medical System response, under medical oversight. EMTs perform interventions with the basic equipment found on an ambulance.

All book and supply costs are estimates and subject to change without notice.
